

## My Journey to Minnesota By Matthew

I was with my two brothers, my mom, and my cousin. We left for Minnesota right when every one got there. It was a two-hour drive to get to Minnesota, and another three hours to get to the hotel. When we got there a sign said, “welcome to the hotel to the biggest indoor water park!”

On the second day we went to the Mall of America. I was lucky because I money to spend. I bought two games and a remote control car. The games were New Super bros. and Yoshi’s Island DS. For lunch we went to the rainforest café. It was awesome!

My favorite store was Legoland. I got two Lego Star Wars the Clone Wars sets. They were the droid assault tank and the twilight ship. For supper we feasted at McDonalds. I got two large fries and a ten-piece chicken McNugget meal.

We got an all day pass to the Nickelodeon theme park. It was amazing. There were roller coasters and kids rides. We even got to test one. We thought it was going to be a gentle ride but it ended up whipping us around the corner. It was creepy, because on a roller coaster we met a kid and saw him at the water park the next day. His name was Jacob Peiffer Matthew. I was weeping when we had to leave.
